

I tried, I tried

(TLDR; Nestenes works with a pedophile and prevents them from being banned+worked on same pedos Roblox BDSM game)

(You may have to zoom in)

(Intended for viewing with Computers in-mind)

Following my abrupt termination from De Antillen, and a disorienting resignation that I have come to consider a disgrace, I have chosen to reveal [Nestenes](#) secrets, deliberate prevention of [dxilynoverlty's](#) ban for pedophilia, and strangely going through all of his conversations with one of his former friends, removing all of his messages that related to Dex, or showed him as SirDavid. Unfortunately for him, he left behind a large amount of evidence showing their correlation.

✉ EXPOSÉ-INT (Consider this an attachment of my document all of the pedophiles that inhabited TCR)

✉ ZEN COLLECTION - INT (This is Dxilynoverlty's section, read this first)

✉ WRITTEN EXPLINATION (This is me explaining what all the images mean/what they show in Zen Collection)

✉ EDI11BTI EXPOSÉ - DA (Treachery)

► Unorthodox Facility: Nestenes/SirDavid and De Antillen Video reading, by MetalBit

Anyways, to clear things up:

SparkedSevelent/notbritishhater is

Shiveratear/Coldwindblows

Anco is a friend of Nest and Catboytrolling

Catboytrolling met SirDavid at The City Roleplay (TCR), a ERP group (which I was a part of), SirDavid developed there, and continues to work at one of the TCR sequels, after the original TCR shutdown ([Know, runs a game called TDP](#))

As some may be unaware of what exactly TCR (The City Roleplay/The City) is, here it is in short terms

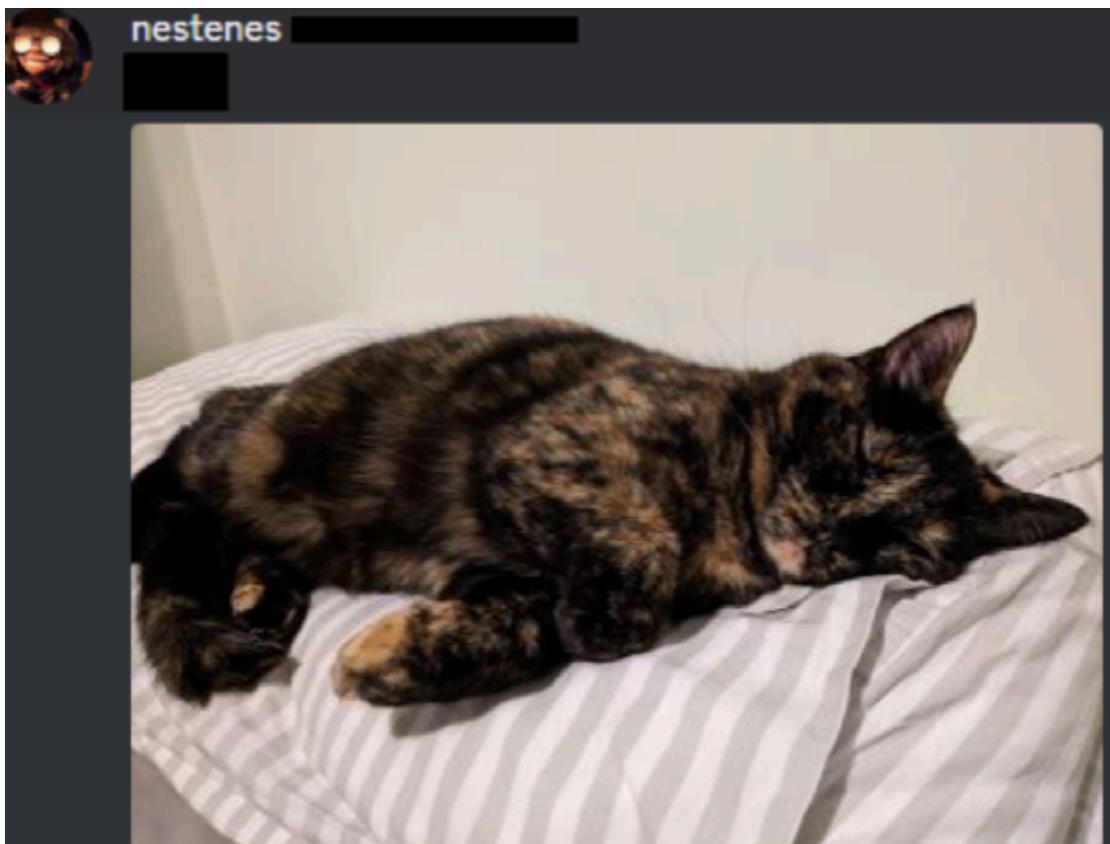

(Attention: This was made with viewing on Computer technology in mind, I apologise for screenshots on a lower quality)

TCR was a Roblox BDSM ring that has existed since Unorthodox Facilities (UF) collapsed.

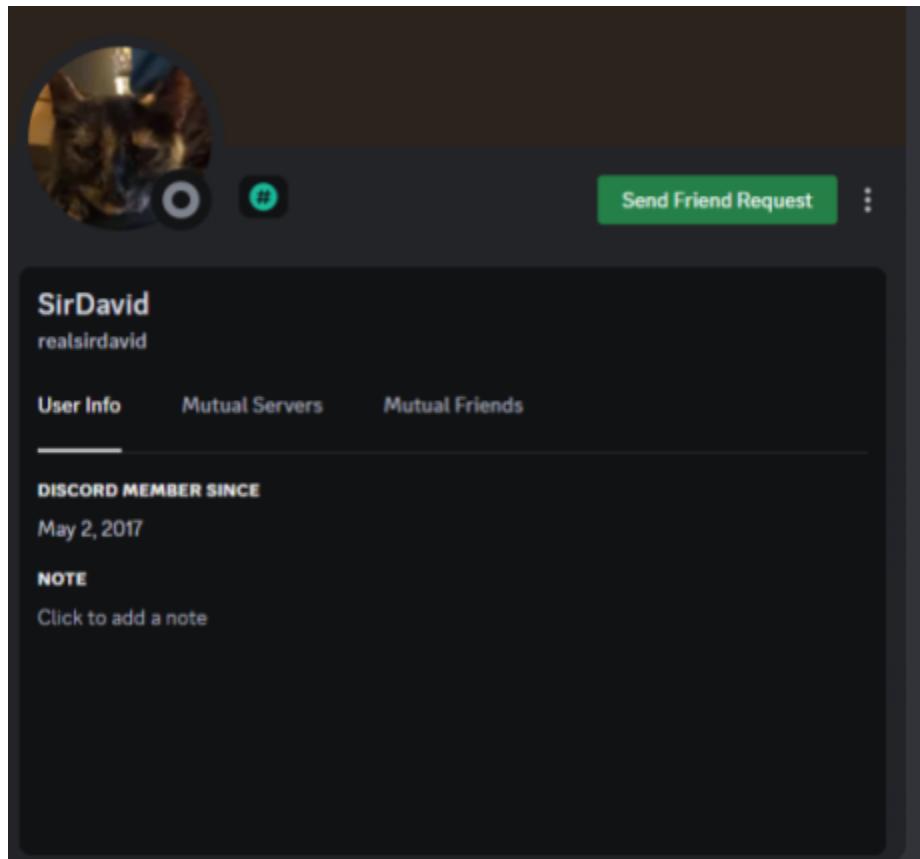

Anyways, let us begin.

First let us start with correlation.

A photo of Nest's cat.

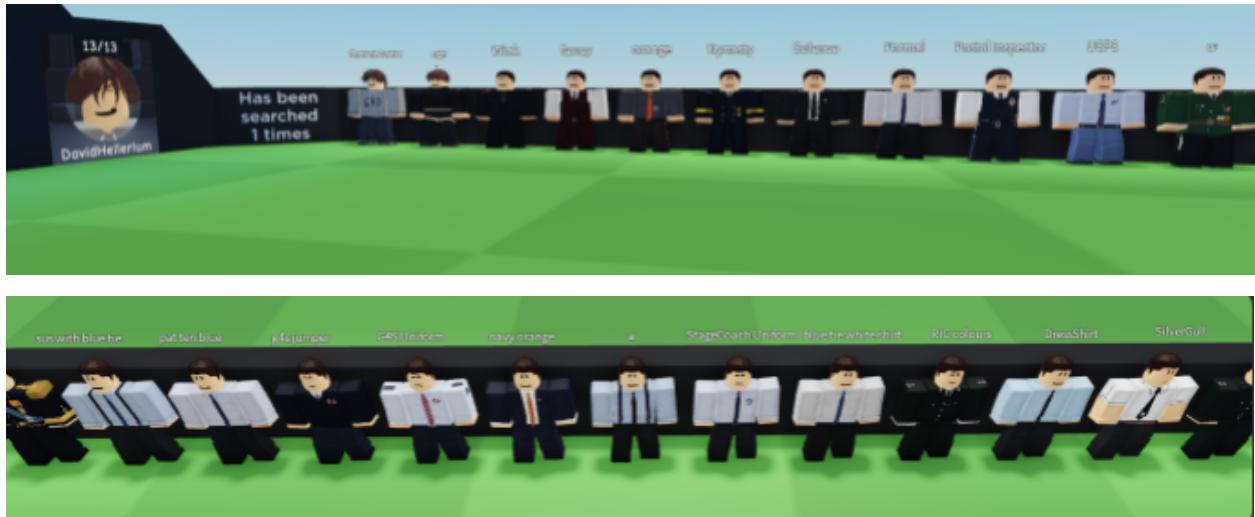

SirDavids PFP

A screenshot of a Discord user profile for a user named "SirDavid". The profile picture is a close-up of a dark, fluffy cat's face. The user's name is "SirDavid" and their tag is "realsirdavid". There are three tabs at the top: "User Info", "Mutual Servers", and "Mutual Friends". A green "Send Friend Request" button is visible, along with a small "..." menu icon. Below the tabs, it says "DISCORD MEMBER SINCE May 2, 2017". There is also a "NOTE" section with the placeholder text "Click to add a note".

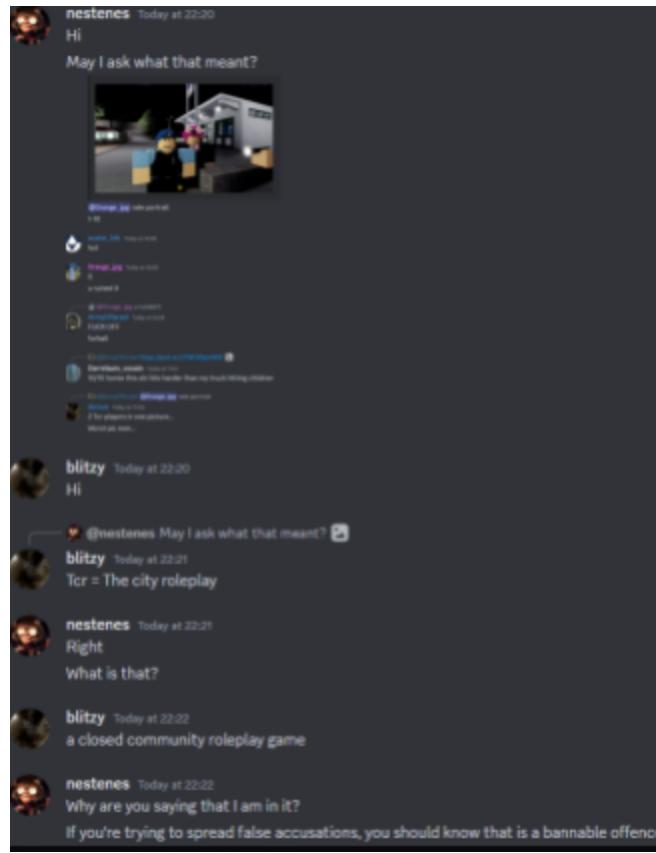

Another thing about the correlation, is his outfits

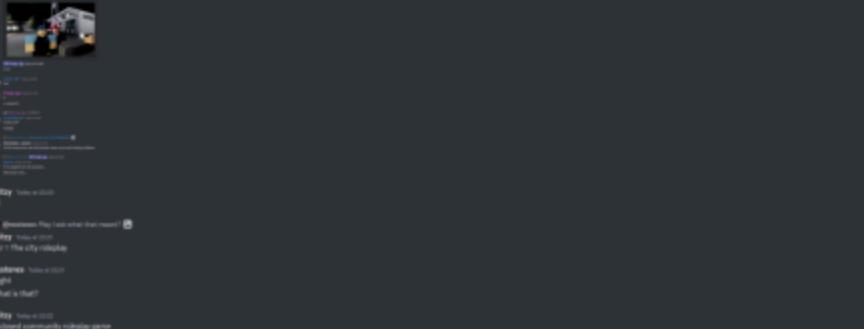

Next, when Dxrova made a joke about it, Nest seemed very combative, he even threatened to ban him.

How interesting

catboytrolling Today at 4:17 PM
sev sent me this

i dont mean to stress you out further but you didn't react very well
because you simultaneously seemed to know that tcr was a fucked up BDSM game
while also denying that you knew what it was

nestenes Today at 4:18 PM
aaa
idk

catboytrolling Today at 4:18 PM
so like

nestenes Today at 4:18 PM
I was gonna tel you about that

idk

 **catboytrolling** Today at 4:18 PM

 **nestenes** Today at 4:18 PM
I was gonna tel you about that

 **catboytrolling** Today at 4:19 PM
my guess is that zen saw the tickets, figured you're involved, and maybe started spreading rumors
but idk
he's not very smart
but if someone mentions that again
i think you should just ignore it or act just veryyyyyyyyyyyyy basically confused
like for example
let's say someone posted an ingame screenshot of you and said "oh it's the TRA3 player"
which is an acronym i just made up
you'd either ignore it
or just say "?" or "whar" or something very basically inquisitive
taking it to DMs is also more uhh

 **nestenes** Today at 4:21 PM
I was thinking

 **catboytrolling** Today at 4:21 PM
suspicious

 @nestenes I was thinking

 **catboytrolling** Today at 4:22 PM
yeah?

 **catboytrolling** Today at 4:24 PM
yeah
and you've definitely seen the doc
everyone on the admin team has
so if someone alludes to you being a tcr player
just do a very subdued "fake" or smth like that
assume it's a joke ig
does that sound reasonable
i also advise against talking to zen directly about this
for
obvious reasons
is there anything else you have in mind

 **nestenes** Today at 4:29 PM
What I mean is
Because I have seen the tickets, I know what tcr is
So that is why I had backing for being annoyed someone said I was in it
but you're right
I probably should not have reacted

 **catboytrolling** sev sent me this 
nestenes Today at 4:31 PM
Where was the screenshot sent?

 **catboytrolling** Today at 4:31 PM
he DMd it to me

 **nestenes** Today at 4:31 PM
who?
dxrova?

 **catboytrolling** Today at 4:31 PM
sev did

 **catboytrolling** Today at 4:31 PM
sev did

 **nestenes** Today at 4:31 PM
So, dxrova sent it to sev?

 **catboytrolling** Today at 4:31 PM
ig

 **nestenes** Today at 4:32 PM
well, it is important (edited)
because I guess they are trying to get me in trouble
Can you find out?

 **catboytrolling** Today at 4:33 PM
im talking to sev

 **nestenes** Today at 4:33 PM
Please

 **catboytrolling** Today at 4:33 PM
he said dx sent it to him outta nowhere

 **nestenes** Today at 4:34 PM
alr
can you ask sev to shoot it down?
idk
↖_(՞՞)_↗
I am just worried

 **catboytrolling** Today at 4:34 PM
I was working on that already

catboytrolling Today at 4:34 PM
i was working on that already

nestenes Today at 4:34 PM
Cus
Why did they say that

catboytrolling Today at 4:34 PM
from what sev has told me about dxrova
he's a bit
special

nestenes Today at 4:34 PM
alr

catboytrolling Today at 4:34 PM
from what sev has told me about dxrova
he's a bit
special

nestenes Today at 4:34 PM
alr
catboytrolling Today at 4:35 PM
ok i was thinking
and i think my previous hypothesis might be correct
since this only happened after ferrus was banned

nestenes Today at 4:36 PM
I have a feeling people knew before that tbh

catboytrolling Today at 4:36 PM
ok probably

nestenes Today at 4:37 PM
I think someone leaked it to
atlasz

catboytrolling Today at 4:37 PM
still odd timing for it to go public tho

nestenes Today at 4:37 PM
thunder

 @catboytrolling still odd timing for it to go public tho
nestenes Today at 4:37 PM
true
But
It may be because other people are getting banned, people are thinking about it again.

 **catboytrolling** Today at 4:38 PM
also true
actually
they would've been thinking about it before ferrus got banned
because of the doc

 **catboytrolling** Today at 4:38 PM
also true
actually
they would've been thinking about it before ferrus got banned
because of the doc

 **nestenes** Today at 4:40 PM
yeah
Also I spoke to dxrova
I just said I knew what it was from the tickets

 **catboytrolling** Today at 4:40 PM
alr

 **nestenes** Today at 4:40 PM
and sorry for being hasty
Had a stressful few days
which is not untrue

 **catboytrolling** Today at 4:41PM
for now ig just
continue not to publicly connect yourself to the tickets where zen can see
and take it easy

 **nestenes** Today at 4:41PM
I will try.

 **catboytrolling** Today at 4:41PM
also sev told me he wants to talk to you

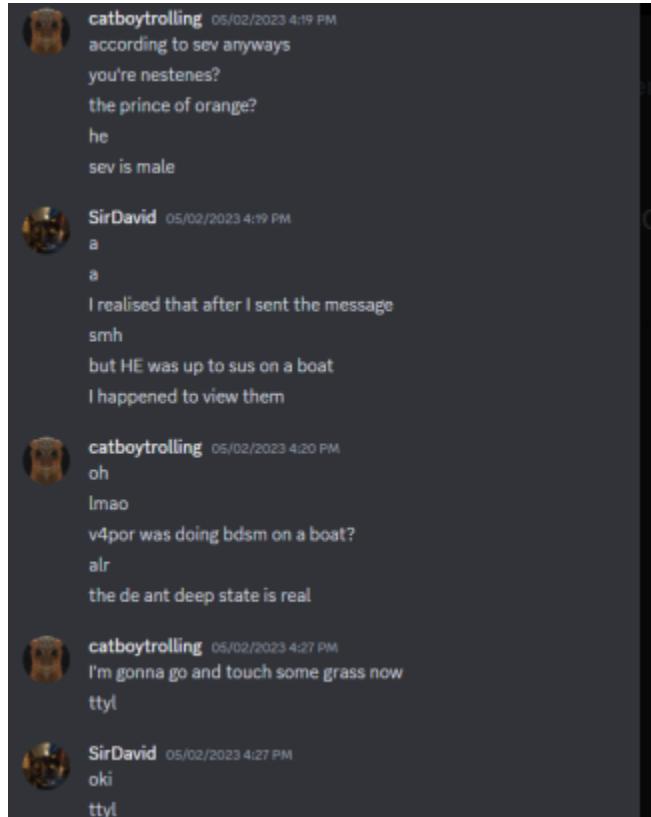

If I am not mistaken, this was after I updated the TCR document showing Ferrus and his nude escapades which got him banned from NLD.

But now we have to talk about the multitude of messages he deleted, all seemingly showing you confirming that he is SirDavid.

Come to think about it, Nest deleted a lot of messages.

Unlucky for Nest, some of them still exist in their undeleted state.

Others do not, which is a real pain in the ass.

 **catboytrolling** 05/02/2023 7:01 PM
hi
you're sirdavid?

yeah sure
idk when anco'll get home
yeah

(This message was sent to the main Nestenes account)
(Anco/Taycan will be important)

 **catboytrolling** 08/10/2023 6:23 PM
sev wants me to make a gc with you and him (edited)
and he won't give me the gluck gluck until i do
so can i make one

 **nestenes** 08/10/2023 6:23 PM
huh
gluck?
what

 **catboytrolling** 08/10/2023 6:23 PM
he won't suck my cock
until i do

 **nestenes** 08/10/2023 6:23 PM
Why does he want a gc?

 **catboytrolling** 08/10/2023 6:23 PM
zen shit ig

 **nestenes** 08/10/2023 6:23 PM
He has dm'd me before

 **catboytrolling** 08/10/2023 6:24 PM
yeah
can i make one

 **nestenes** 08/10/2023 6:24 PM
would prefer not

 **catboytrolling** 08/10/2023 6:24 PM
k
can he dm you tho?

 **nestenes** 08/10/2023 6:25 PM
sure

 **catboytrolling** 08/10/2023 6:25 PM
he says he wants a gc because he can't find the correct words in a 1-on-1

If you notice the dates, this was approximately a month after I released the document, with the intention to remove Dxilynoverly (Dex for short) from NLD,

Some messages were deleted here

 **catboytrolling** 08/10/2023 6:28 PM
he says he wants a go because he can't find the correct words in a 1-on-1

 **nestenes** 08/10/2023 7:03 PM
it was about that document again
annoying
smh

 **catboytrolling** 08/10/2023 7:03 PM
why annoying

 **nestenes** 08/10/2023 7:03 PM
it keeps coming back around

 **catboytrolling** 08/10/2023 7:03 PM
well ofc it keeps coming back around
nothing's been done about zen

 **nestenes** 08/10/2023 7:04 PM
yes
the evidence isn't there
sev failed to do that in their ticket

 **catboytrolling** 08/10/2023 7:05 PM
did he not summarize the doc
he did tho
he specifically told me he summarized the doc for the de ant moderation team
or maybe just maybe the de ant moderation team is shit?
and the person presiding over the ticket (vleugels) was biased?
what is your standard for adequate proof
I asked sev
and he's saying vleugels cockblocked him from summarizing it
you mean to tell me that what he did is worthy of being reported to the police but not worthy of him being banned from a roblox game?

 **catboytrolling** 08/10/2023 7:12 PM
please stop pretending that you weren't there, that you didn't see what happened, and that the proof in the doc is nonetheless adequate even if you weren't an eyewitness
i will ask you again
is zen blackmailing you
and is he requesting screenshots to monitor this dm?
if so i will delete the previous 3 messages and we will continue this discussion on sirdavid
I ask because the mental gymnastics you are engaging in border on insanity
and I know you are smarter than that

 **traitor (catboytrolling)** 09/02/2023 5:35 PM
Context because he deleted a fuckton of messages: I got zen's hidden game link from him so i could mass report it, it got taken down, then he told zen that i asked him for the link. Him and anco were close friends at the time as they are now, and I was close friends with him too

catboytrolling 06/14/2023 7:53 PM
wait
okay
gn mwa
okay
i didn't think i was really involving you though
i also have to ask you to not tell zen
did anco tell you what zen did to him exactly
ask him
it's so fucking awful that
i don't wanna tell you without him allowing me to
okay
he told me i could
so basically
you remember poopgamer and neptune right?

catboytrolling 06/14/2023 8:00 PM
zen manipulated anco into reconciling with poopgamer
and attempted to manipulate him into reconciling with neptune
keep in mind that neptune committed a crime
are you there?
alright
so do you see why i want to bring zen down now?

catboytrolling 06/14/2023 8:09 PM
okay
but please do not tell zen
thank you
i should've told you sooner but i thought anco would tell you eventually

As Cat stated, a whole lot of messages were deleted.

Context: Our conversation after I was banned from the tcr server because he told zen i was massrepping the game. Since he deleted a fuckton and because this was months ago I don't remember exactly how it went, however he didn't seem to care much about what zen did and effectively denounced my strategy of mass reporting the game to recruit people into the anti-zen camp (cuz zen is a pedo). Obviously that's not the only reason why I mass reported it but regardless he was still opposed (actions speak louder than words)

 **catboytrolling** 06/15/2023 1:06 PM
hi
don't panic when i ask you this but why did you tell him
im not angry, more like confused

 **nestenes** 06/15/2023 3:05 PM
just don't wanna upset anyone

 **catboytrolling** 06/15/2023 4:24 PM
no
but
are you aware of what zen did
with anco
so do you see why i have it out for him now
whar
anyways
don't worry about me getting banned
i certainly don't

 **nestenes** 06/15/2023 4:30 PM
discord was not sending my messages

 hi
I have a question

 **trolling** 06/17/2023 2:48 PM

 catboytrolling 06/17/2023 2:22 PM
hi
I have a question
once you're on dm me
you there?
once again I am not angry
I was banned from the tcr server
did you tell zen about tcr2?
someone did
because 334 knows about it
I am not going to rage if it was you who told them

 catboytrolling 06/17/2023 2:29 PM
I know zen could potentially blackmail you because of your de ant position
so did you tell anyone about tcr2?
she does
but are you absolutely sure you are telling the truth?
once again, if it was you I am completely cognizant of the leverage zen holds over you
if you are under blackmail I cannot be mad at you

 catboytrolling 06/17/2023 2:37 PM
to whom?
were you under blackmail?
or any other type of threat
but were you under threat or blackmail or anything like that
was there any implicit threat of that?
then why did you tell him?
do you regret telling him?
I want to know
but do you regret telling him specifically
I wanted it moved
are you aware of what zen has done?

 catboytrolling 06/17/2023 2:48 PM
if the game is constantly down that helps recruitment, no?

 catboytrolling 06/17/2023 2:48 PM
if the game is constantly down that helps recruitment, no?

 catboytrolling 06/17/2023 3:01 PM
but let me emphasize david
what zen did with poogamer and anco was absolutely inexcusable

 catboytrolling 06/17/2023 3:18 PM
well
when you told zen about what I was doing
that was like 50 steps INTO things
alright
but
I asked anco to explain to you the severity
of what zen did
because I really want you to understand

 nestenes 06/17/2023 3:20 PM
Okay
Sorry if I upset you

 catboytrolling 06/17/2023 3:21 PM
I hope you understand that I won't really be talking to you much about personal stuff anymore

traitor (catboytrolling) 09/02/2023 5:52 PM

Context: This is when he told me that zen's hidden game existed. I assumed he was having e-sex with zen in it but then he told me he was just tying himself up in it, which I then proceeded to tease him for.

roblox joining isn't working

im gonna play airship assault

wait

damn

weirdo

you're like my cat, rubbing her teeth against things

catboytrolling 06/14/2023 6:49 PM

gonna rub my teeth on your stomach

catboytrolling 06/14/2023 7:19 PM
can i get the link to the tcr game?
pspspssps?
thanks
don't tell zen i asked tho
:3

does that answer your question
i want it for documentation purposes aswell

there is another PSYOP

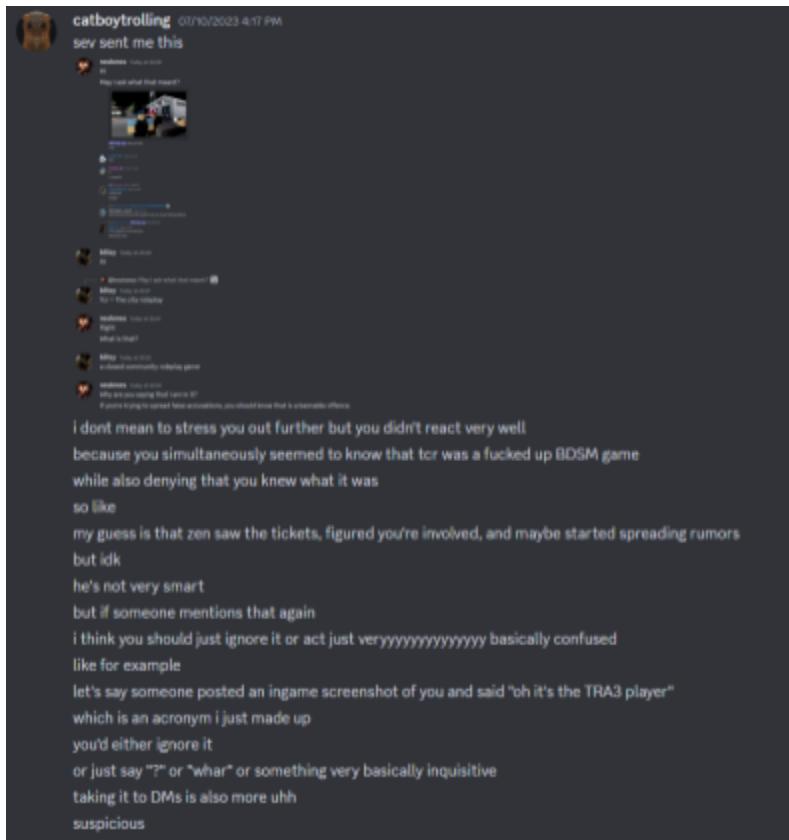

does that answer your question
i want it for documentation purposes aswell
also i know "aswell" isn't in most dictionaries but idgaf
they're wrong and im right
if they're gonna follow that standard
"therefore" should become "there fore"
and "override" should become "over ride"

catboytrolling 06/14/2023 11:27 PM
the version synonymous with "too" should be "aswell" whereas "might as well" "just as well" etc should be separate

Conveniently deleted.

traitor (catboy trolling) 09/02/2023 6:07 PM

next time we talked about anything of relevance, at this point in our friendship he ghosted me most of the time, in fact our friendship was quite strained since i got him to give me the game link, but I still didn't think any less of him and was trying to maintain the friendship while also making sure he did the right thing with zen

catboytrolling 07/15/2023 9:31 PM

can we talk rq

nestenes 07/15/2023 9:32 PM

what is up?

catboytrolling 07/15/2023 9:32 PM

i just wanted to say that uh

zen just tried to bribe me with tcr game assets

well

lemme show ya

basically said "meet me halfway and I'll give you certain game assets"

very strongly implied that if i covered for him against the doc

he'd give me the game assets

just thought you should see this

but like

he never responded to "what do you make of it" iirc

traitor (catboytrolling) 09/02/2023 6:11 PM

ok
the next time we spoke about anything of relevance
was vicariously via anco

Going forward, Nest basically used Anco as a proxy to talk to Cat.

Seems like he didn't want to get his hands dirty anymore.
Convenient for Nestenes.

 **catboytrolling** 08/10/2023 7:08 PM
why are you saying this now

██████████ catboytrolling 08/10/2023 7:28 PM
██████████ then he is guilty of what i can only describe as ridiculous overcivility bordering on cowardice

██████████ catboytrolling he also manipulated you
██████████ Anco 08/10/2023 7:28 PM
██████████ yeah he manipulated me and much more people but

██████████ catboytrolling 08/10/2023 7:28 PM

██████████ if david is under a threat of blackmail, explicit or implicit
██████████ then i can entirely understand why this is happening

██████████ Anco 08/10/2023 7:28 PM
██████████ you never ever had anything big like a reputation to protect or a game shit to protect in order to not feel what this people are doing

██████████ NO HE ISNT
██████████ omg

██████████ catboytrolling 08/10/2023 7:29 PM
██████████ then why is he worried about his reputation

catboytrolling 08/10/2023 7:00 PM
what do you think would generate more controversy
banning a pedo
OR REFUSING TO BAN A PEDO

→  **Anco** yeah he manipulated me and much more people but
catboytrolling 08/10/2023 7:01 PM
"yeah he manipulated me and many more people but giving him consequences for his actions would create drama!!!"
you sound like pooggamer when we were trying to get pink banned for posting child porn
justice is more important than peoples' feelings and comfort
yet sev and his friends have gone through every civil, legitimate avenue in de ant to preserve peoples' comfort
yet in the face of undeniable proof of zen's wrongdoing, the legitimate channels did **NOTHING**

 **@catboytrolling** you sound like pooggamer when we were trying to get pink banned for posting child porn
Anco 08/10/2023 7:34 PM
OMG DONT YOU FUCKING COMPARE ME TO THAT CREEP YOU COMPLETE IDIOT IM NOT EVEN DEFENDING DEX BUT TALKING ABOUT HOW THIS SITUATION IS STRESSING MY FRIEND THAT HE WANTS OUT AND NOTHIGN TO DO WITH THIS
AND I COMPETELY> UNDERSTAND HIM, IF HE DOESNT WANT TO HAVE TO DO WITH ANYTHING OF THIS RIDICUOLUS SHIT THEN SO BE IT, LEAVE IT AWAY FROM HIS GAME AND END OF THE STUPID ASS DRAMA.

 **catboytrolling** 08/10/2023 7:34 PM
you did not address a single thing i said

 **Anco** 08/10/2023 7:34 PM

 **catboytrolling** 08/10/2023 7:35 PM

if it is indeed true that he isn't being blackmailed, then we have gone through every civil, legitimate channel to get justice against zen and it has done NOTHING
if he is not being blackmailed then he is obstructing justice
if he is being blackmailed then he needs to tell me
either through you or directly
that way me and sev can disengage from him entirely and still pursue justice

 **Anco** 08/10/2023 7:39 PM
look

 **catboytrolling** 08/10/2023 7:39 PM

don't repeat yourself (edited)
i need to know what's up
not get hit with this schrodinger's blackmail-ass bullshit where he's being blackmailed and not being blackmailed at the same time

 **catboytrolling** i need to know what's up

 **Anco** 08/10/2023 7:40 PM

omg
maybe if you OPENED YOUR EYES
and read
what everyone tells you
instead of just being closed to your own ideas

 **catboytrolling** 08/10/2023 7:41 PM

i did read, anco

 **Anco** 08/10/2023 7:41PM

Smh

 **catboytrolling** 08/10/2023 7:41PM

stop being condescending
I'm not open to ideas which contradict themselves, anco

 **Anco** maybe if you OPENED YOUR EYES

 **catboytrolling** 08/10/2023 7:41PM

I have been the one who has been logically debunking you, not the other way around
don't get it twisted
so for the final time

so for the final time
just tell me what's ACTUALLY happening
if david says he's being blackmailed do you really think we're gonna keep on trying to get him to ban zen (edited)

 **catboytrolling** 08/10/2023 7:51 PM

look

from all of this i think a combination of non-confrontationalism and the **implicit** threat of blackmail is why dave is acting the way he is
but I can't be certain without confirmation
so I am asking you to PLEASE ask david why the real reason why he's doing what he's doing
because I know he's smart enough to know that zen is guilty
I also know mental gymnastics when I see them
and both you and david engaged in them heavily
and I assume at least part of what you said was at the behest of david
I am a bit mad, but not at you or at david
so I am asking for an actually sincere dialogue here
okay?

 **catboytrolling** 08/10/2023 8:04 PM

well?

 **Anco** 08/10/2023 8:10 PM

i don't know

 **catboytrolling** 08/10/2023 8:10 PM

try to get david to tell me

okay?

 **catboytrolling** 08/10/2023 8:10 PM

catboytrolling 08/11/2023 11:58 PM

did you find out if david is being blackmailed or not

Anco 08/12/2023 12:23 AM

no

catboytrolling 08/12/2023 10:00 PM

this is VERY important

catboytrolling 08/12/2023 10:08 PM

?

Anco 08/12/2023 11:06 PM

isnt he asleep?;

Anco 08/12/2023 11:07 PM

uhh

okay

yrah

and then david unfriended me

This essentially marked the end of anything relevant relating to this after Nestenes chose to cut off Cat.

So, after many weeks of nothing being done about Dex, on a TCR successor Discord entirely unrelated to NLD, I among nine others including cat, universally agreed to put this in the servers main announcements

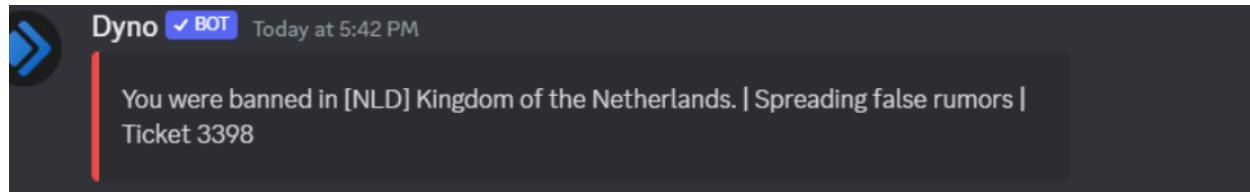

(I was the only one who had permission to do so):

Nest has disregarded **@catboytrolling** for the favour of Dex.

+After: **@everyone** Fun fact, Nestenes (Price of Orange in NLD/De Antillen) turned out to be SirDavid, former TCR Developer, and current Developer for TDP.

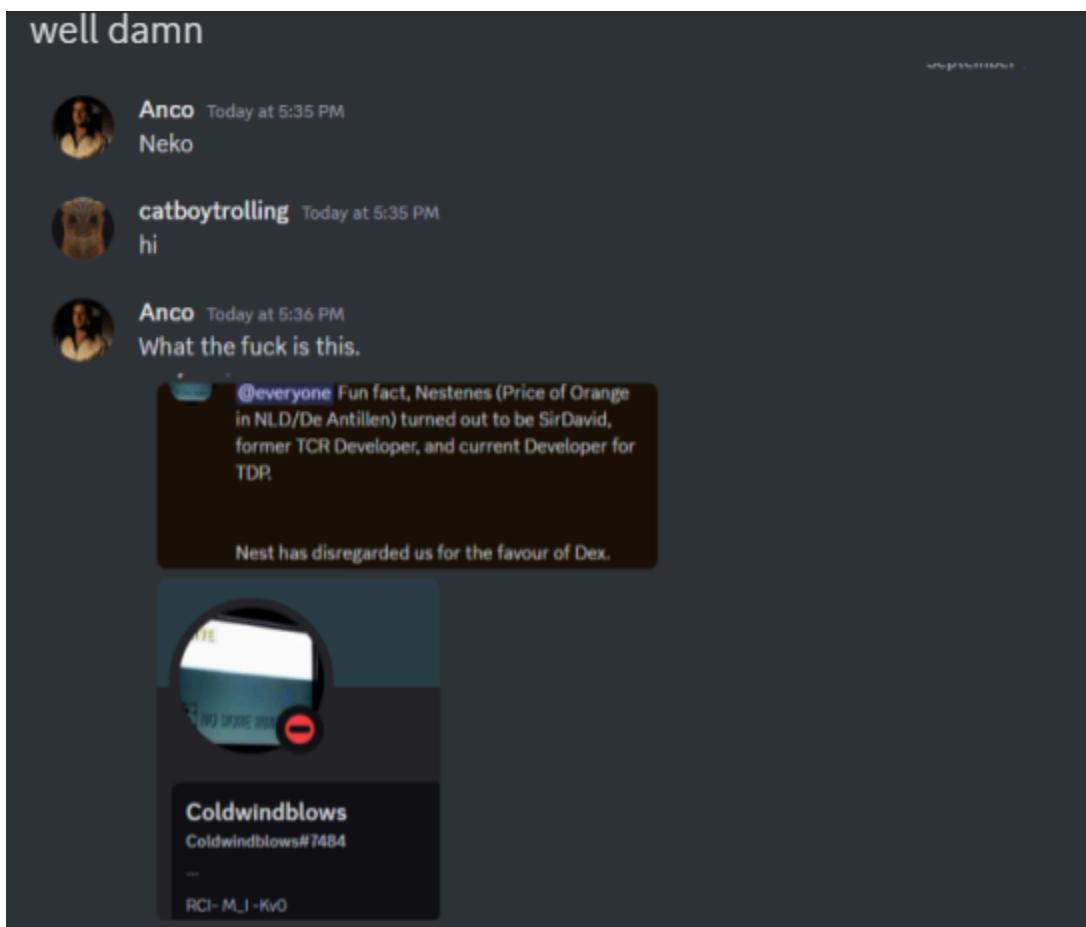

Nest has disregarded us for the favour of Dex.

This proved to be an utter disaster for me,

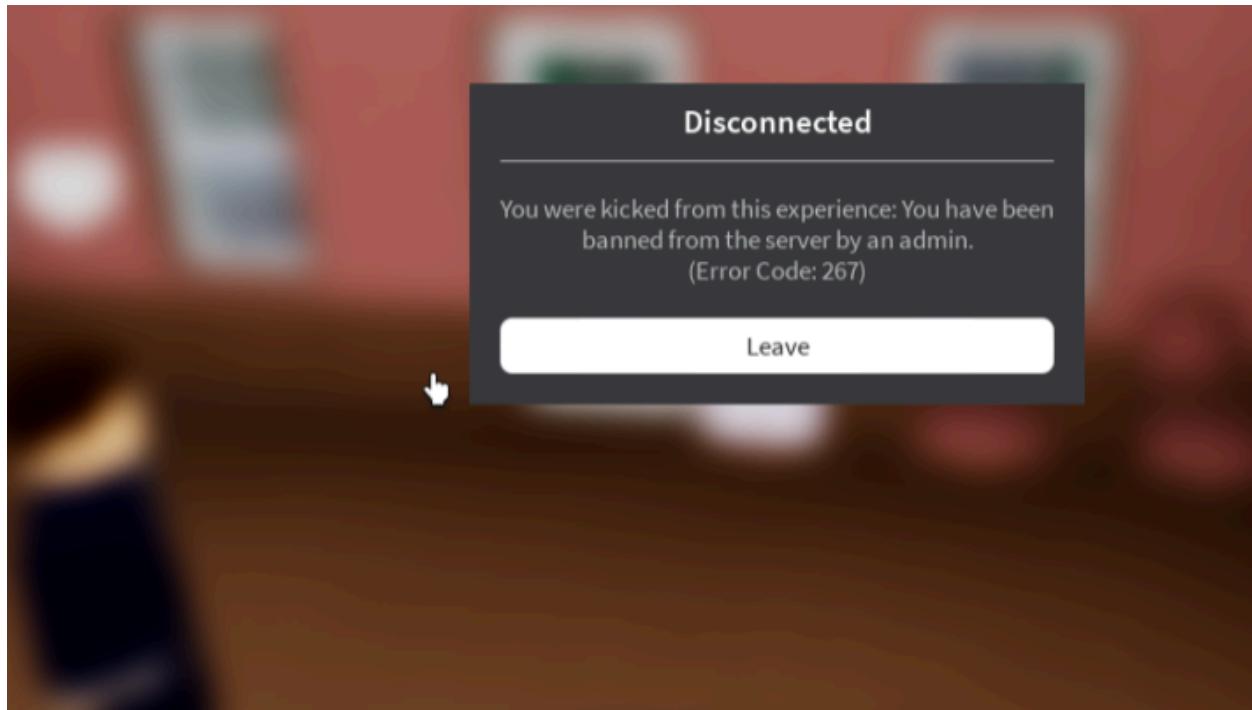

V4POR was the one who banned me, but I'm sure as hell that it was Nest who ordered it.

Turns out, somebody leaked the announcement in the server to Anco, who, leaked it to Nestenes.

Naturally, I wanted to settle things, as I didn't intend this incident to leak to NLD.

So I hopped on Shiveratear, found Nest, said I'm willing to talk and:

I wouldn't have minded if he banned the account and then talked, but no.

There was no communication.

I'd like to add on a personal note, you couldn't have done the minimum of providing a reason.

As far as it went, I was made aware that DAF HC and the mod team wasn't exactly told why.

Update One:

Bannings.

 **timoschuur1** Today at 2:03 PM
Bye
We already debunked that shit
Just toxic

  **Uinsink** Today at 2:06 PM
if you debunked it why did you ban him
rather extreme

 **timoschuur1** Today at 2:06 PM
Because hes spreading misinformation about pedophilia

 **NotShadow324** Today at 2:06 PM
Can I see

 **timoschuur1** Today at 2:06 PM
and thats not cool

You can ban, blacklist, and kick anyone in your path.
Won't change anything.

What have you debunked anyway.
You couldn't have told him, you instead banned him.

Update 2:

Nest loses his developer rank in TDP (TCR offspring)

Why this happened I am not aware of, I am not in TDP.

Currently, this marks the end of this story.

Update 3:

More bans. No seriously.

December 1, 2020

i checked ur file about nestenes thing

LOL

go cry about it

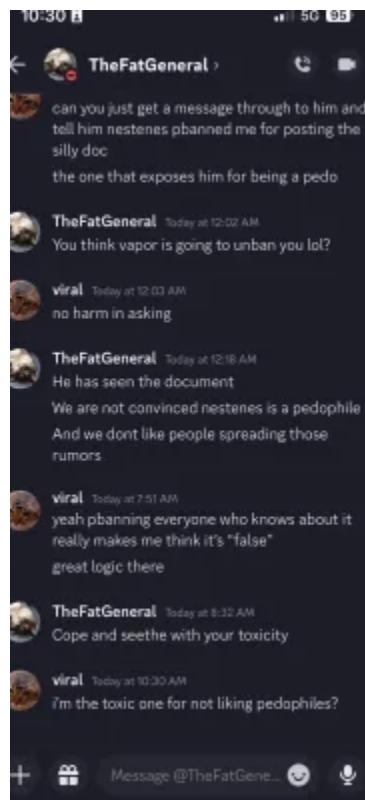

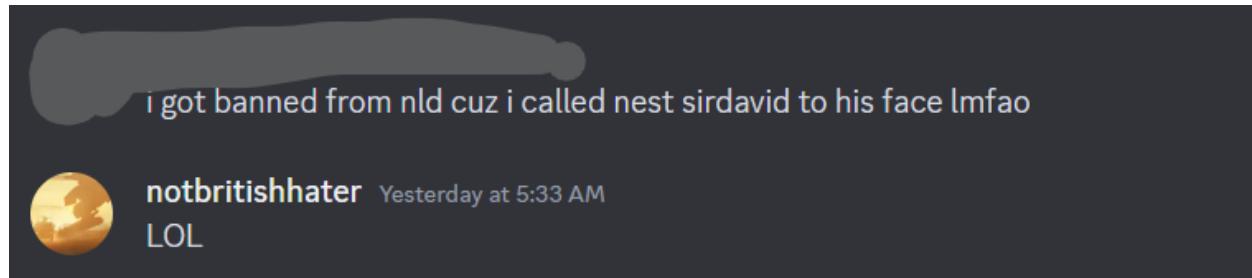

Alright sir david

nestenes vandaag om 16:21

Ahhh so you're the retarded type

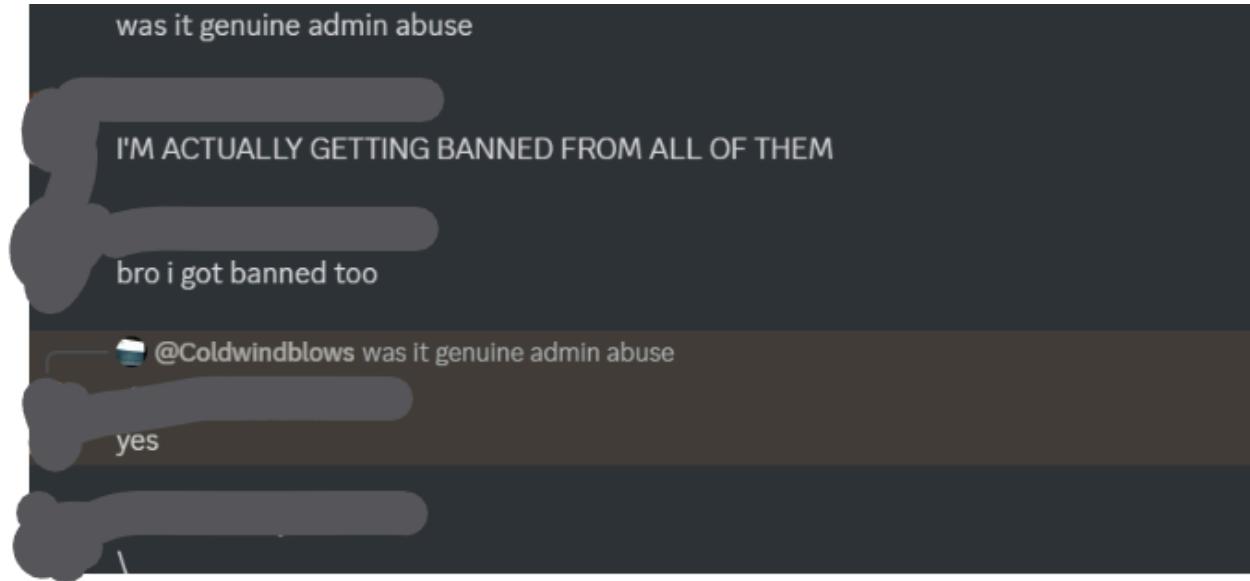

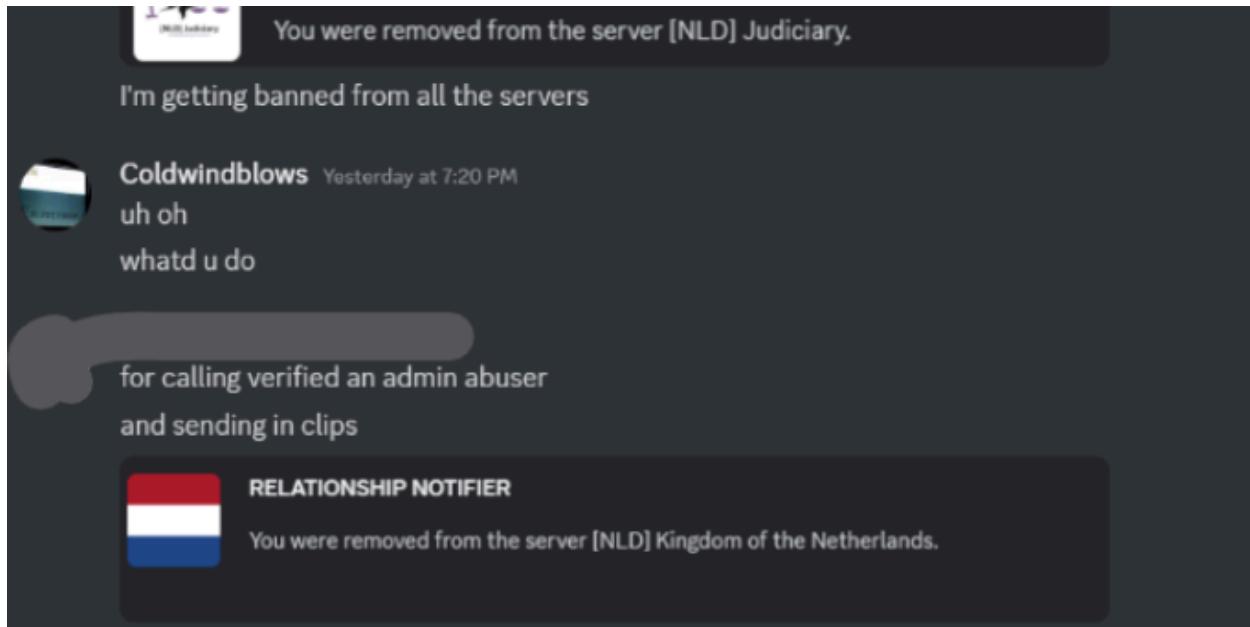

I was right

Do bear in mind that they absolutely have refused to speak on it, to me or to anybody.

New Update:

Backstory:

I'M ACTUALLY GETTING BANNED FROM ALL OF THEM

bro i got banned too

@Coldwindblows was it genuine admin abuse

yes

Speaks for itself, VerifiedStructure was caught admin abusing and Nestenes himself banned them, for a completely fake reason

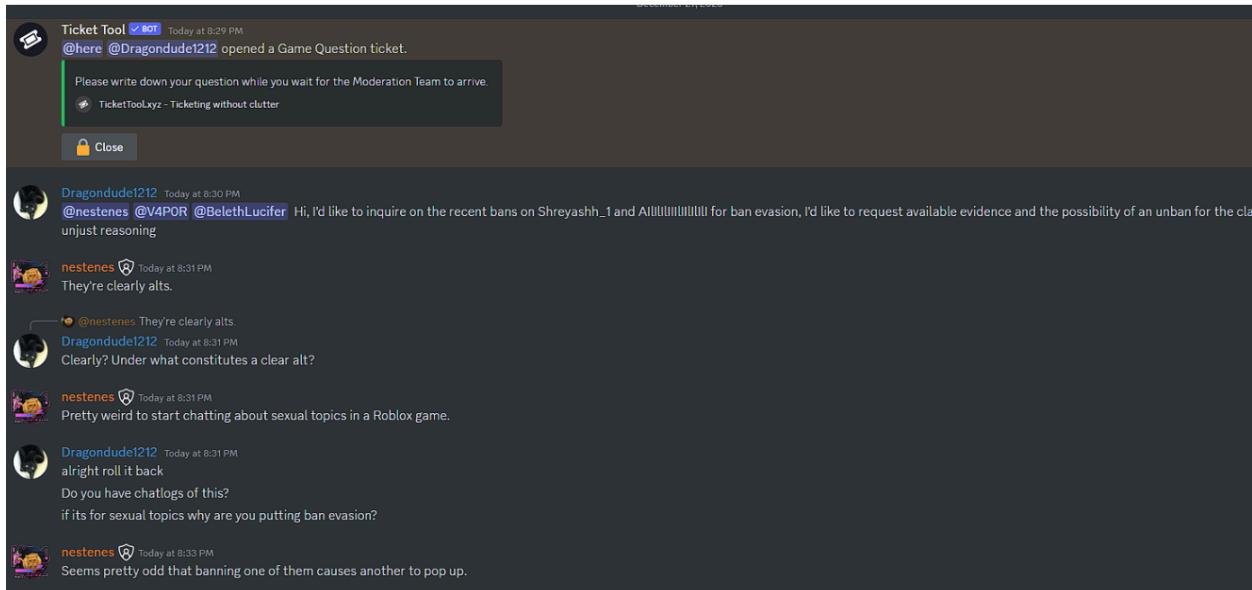

<https://medal.tv/games/roblox/clips/1LE7Y4pvnIRip8/d1337jSX2Dte?invite=cr-MSxqbnkSMTkxMzkwMTM2LA>

Clip one is false, can be attributed to spawn protection from tape

<https://medal.tv/games/roblox/clips/1LE6ZsKXUQxNRf/d1337cuoNi6X?invite=cr-MSw4VGcsMTkxMzkwMTM2LA>

Clip two shows him clearly reviving himself to bat his would be murderer

When this clip was sent to the NLD Discord, both people who sent it were permabanned on the grounds of being an alt. (I'd like to apologise for the abysmal quality, this is the best I got)

And no, not once did they make any nod to ERP, TCR, or anything related to it.

This would include “SirDavid”.

 nestenes  Today at 8:33 PM
Seems pretty odd that banning one of them causes another to pop up.

 @nestenes Seems pretty odd that banning one of them causes another to pop up.

With how seemingly vague and off the rails this response is could you please mention by name who exactly you're referring to?

 nestenes  Today at 8:35 PM
We don't really want toxic players in the community.
I guess it's nice if I live rent free in their heads.

 Dragondude1212  Today at 8:36 PM
You're being completely non sensical to me

 nestenes  Today at 8:36 PM
I see, that is a shame.

 Dragondude1212  Today at 8:37 PM
With Alllllllllllllll I can specifically exclaim that in the document that describes what is considered an alt account, he follows many of the guidelines to be proven to be authentic account
-paid clothing
-followers
-friends
-favorites

 nestenes  Today at 8:37 PM
Either way, I'm sure they have more to their lives than this Roblox game, they can play something else!

 Dragondude1212  Today at 8:37 PM
It doesn't change that you clearly unfairly banned Elite

 nestenes  Today at 8:37 PM
It's same for both.

 Dragondude1212  Today at 8:37 PM
On the basis of him being an alt account because he "popped up" after "another was banned"?

He's been playing since about May has he not?

 nestenes  Today at 8:38 PM
Alt accounts aren't always new accounts lol

 **nestenes** 8 Today at 8:38 PM
Alt accounts aren't always new accounts lol

 **Dragondude1212** Today at 8:38 PM
You want to call with him?
Nobodys asking for you to use a microphone
I'm looking to assist in proving Elite's authenticity to you as much as I can
and to comprehend what you're trying to inform me of
